International College 52

Sturminster Newton 32

A week after a narrowest of loses to Sturminster Newton we travelled away to play the return fixture. After a great first game the team was looking forward to the match and they were keen to play to the best of their abilities.

The game got off to a slow start scoring wise as both teams were playing well but unable to get their shots to fall. In the 2nd quarter the teams settled down and began to find their shooting range and accumulate some points. Paul continued his good play from last week, distributing the ball well and converting shots from distance. Ian also contributed points and the team played some solid defence. The difference for the IC was the excellent driving to the basket play of James , scoring points and creating opportunities for teammates. This saw the IC take a small lead as the half ended.

In the 2nd half the team continued to play well. The IC team's passing was good and they were attacking the gaps in the Sturminster Newton defence. The team was able to continue to consistently score points going to the basket as well as sinking shots from range.

Sturminster Newton were also playing well but the shots weren't falling for them and they struggled to match the scoring of the IC team. As another good game drew to a close both teams had again played well but the IC team had managed to edge out to gain a solid lead and end the game victorious 52 points to 32.

Congratulations to all.
