Sturminster Newton 40 International College39

In our first game against Sturminster Newton it was a convincing victory for the International College team. In our return fixture we were to play against an older team to make it a much closer fought game. And it was just that. That game was evenly matched throughout. Sturminster got off to a slightly better start in the first quarter and the IC pulled the score back in the second. The game was tight throughout with both teams trying their hardest to win the game. Throughout the final quarter there was only ever a point or two between the teams.

It was a very enjoyable game played in very good spirit. Brian Lee lead the IC team in scoring. Either team could have easily won the game but when the final whistle blew it was Sturminster who were victorious by a single point.
