

International College Under 15 1 Chilton Cantelo 7

Match Report

Chilton Cantelo started the match brightly, scoring an early goal. The under 15's then found a bit of rhythm and settled into the match, defending well and creating a couple of good chances. The hard work was then rewarded when Michael put pressure on their defender who handled the ball in the penalty area, Javier converted the spot kick; the quarter was then brought to an end with the scores tied at 1-1. The second quarter was even throughout with some good football being played by both teams but unfortunately a couple of well created goals meant the College were 3-1 down at the end of the half. We were unlucky as the game really could've gone either way.

The second half was a different story; Chilton Cantelo fielded a different and stronger team in the second half of the match. The team continued to battle, - a credit to the improvement the College showed from the last match vs Milfield. The freshness of the new team showed as the College started to tire, subsequently conceding 4 goals to bring the scores at the end of the match to 7-1. Once again the score line could've been different as the College created a couple of very good chances but failing to take the opportunity of several one on ones with their keeper; the Chilton keeper made decent saves in the process including pushing a free kick by Kevin onto the bar.

The sense of positioning, marking and passing had improved greatly from the first match; special mention must go to James Tseng at left-back and Johnny Lee who had a good game in goal.
