

## International College 4

### The Park School 0

In a weather affected game, the IC took on The Park School. Both teams battled both each other and the conditions in a good game that saw the IC get their first win of the season.

The IC kicked off the game with several players making their first starts for the College due to other absences; Danylo took up his position in the midfield and Latif in attack. The IC made the most of the conditions with some long balls into the corners to begin with; this wing play resulted in some good attacking moves.

It was good to see the midfield linking up with the attack, playing balls wide and getting into the opposition box to receive crosses. Within the first ten minutes this period of possession led to Sunnat getting through on goal and rifling the ball into the back of the net.

Before the opposition had managed to compose themselves, the IC had once again won the ball and were on the attack, this time Sergey was the one who found himself with the ball and he scored his first goal of the season.

Another goal from Sunnat followed quickly with almost the next attack. The IC were winning 3-0 with only 15 minutes gone! The opposition then had a good period with the ball which tested the IC's defence and forced Soe Htet into two or three important saves. It was the IC however who scored the next goal. An attack which had led to a goalmouth scramble ended when Sergey once again struck the ball towards the goal, the ball was fumbled by the opposition goalkeeper into the back of his own net and Sergey claimed the goal as his second.

The final score of the match was the same as at half time, 4-0 to the IC. The second half was still a good competition between the two sides but no one was able to add to the scoring.

The IC have had their confidence boosted with their first win and look forward to their next game against Warminster.
