

Warminster	3
ICSS U16	1

In their first away game of the season, the IC team battled hard through blustery conditions and on a sloping pitch against good opposition from Warminster. Despite leading for a large part of the game, the IC succumbed to the home advantage of the opposition late in the match and lost 3-1.

With usual captain Sunnat unavailable and Igor also out, there was a shuffle of the playing personnel. Anton took up the role of captain, Danylo and Dmitri slotted into the defence and Vadim coming back into the midfield.

The boys played well in the first half, closing the ball down and dominating possession. The boys used the space on the pitch well, down both wings and with balls over the defence. The IC's pressure resulted in a corner that was floated into the box by Sergey and met with a deft header from Vadim which looped over the goalkeeper and into the back of the net.

The IC saw out the rest of the half attacking and repelling the ball. Danylo and Vadim again giving their opposing numbers little space or time on the ball.

At half time the boys had put in a big effort to be leading, playing uphill into the elements in the second half was sure to be even harder. The team tried their best though and it was once again great tackling from the midfield and defence that kept the IC in the game.

Mark playing as striker nearly scored a fluke goal as he chased a ball back to the Warminster keeper. The ball ricocheting off Mark's back and just wide of the far post. As the game wore on, the IC became more and more tired, last ditch tackles were flying in and Soe Htet was keeping the team in the game.

It was heartbreak for the IC when a low shot bounced and spun in the mud just in front of Soe Htet who could do little but see it go in the goal. This goal was quickly followed by two more from Warminster as the IC surged forward in an effort to score the winner.

The IC had lost but should not be downhearted, with two more games before the holidays and excellent performances in the last two games, belief and team spirit are excellent at the moment.
