

International College U15s: 3: Park School U15s: 3

The U15 football team hosted The Park school and almost claimed their first victory of the season. The College dominated the early stages of the game and carved out some good chances for the strikers. Kevin's pace was a threat to the opposition most of the time, but better results could have been obtained with a more accurate final ball. The College captain, Javier took command of the midfield ably supported by Pasook and the two Michaels.

The first goal did come eventually when Kevin managed to beat The Park school goalkeeper after running on to a through pass. With the goal, the College boys grew in confidence and played some good football all over the field. Whenever the Park School threatened the defence of Dmitry, Mikhaylenko, Ivan, and James it held firm or keeper Johnny was on hand to deal with the danger. Javier scored the second goal for the College, a well struck shot that flew past the diving keeper. Justin and Kevin could have added more to the score-line but spurned some good chances. When Javier scored the third it looked like victory was ensured.

In the last ten minutes of the game a combination of defensive lapses and some fabulous quick-fire striking from The Park's star striker wiped away the three goals with a hat-trick. All in all it was a good game of football with some good lessons learnt by both sides.
