International College	33
Sherborne School	84

As is common in our contests with Sherborne School the opposition was made up of a number of former College students which always makes for very interesting games.

It was always going to be a very difficult game. The opposition were an older and more experienced team. They also considerably out sized our players in many positions.

The first half of the game was a fairly close contest, the College team tried very hard and showed lots of enthusiasm. However, there were a lot of fouls committed by the College and this gave Sherborne School some easy points. Sherborne School were also putting their size to good use, grabbing rebounds to get second chance opportunities and making it difficult for the IC team to get open shots and shots near the basket.

In the second half the College team did a better job of not fouling. However, the Sherborne School team played very well and with the College chasing the game they were able pull out to big lead.

The game finished in an 84-33 loss to a more accomplished opponent. The College team did play well in periods and they should be able to learn a lot from this game to help them improve.
