

19th January 2010

International College 2 – 3 Sherborne Boys School

After a thoroughly competitive game between two evenly matched teams, the under-14's have every right to feel aggrieved about losing a match they deserved to win. Great credit must be given to all the boys, who showed no ill-affect following their potentially demoralising defeat to Millfield which occurred only three days prior.

Another sturdy team performance saw the under-14s dominate for much of the game but two late goals from the Sherborne Boys School meant that the boys from Grosvenor House slipped to a second consecutive defeat. After conceding an early goal, the boys fought back valiantly to equalise through top-scorer Max, just before the half-time break. A further goal just after the interval from Jorge, who has now scored in three consecutive matches for the college, meant that the under-14s were in a great position to complete a third victory of the season.

However, with only minutes to go, and after the International College had missed many opportunities to extend their lead, the Boys School stole victory with two quick goals.

Special mention must go to the midfield pair of Jorge and Max who controlled much of the game, combining defence and attack in thoroughly impressive performances. Praise must also be given to Sergey, who continues to improve game after game.

With a nine day break until their next match (Chilton Cantelo. *Away*), the boys remain in good spirits and are looking forward to the opportunity to get back to winning ways.
