

An impressive team performance saw the International College's U14 team earn a 2 -2 draw against Park School on a glorious Thursday afternoon down at the Sherborne pitches.

Max M scored both goals to ensure the junior boys continued their unbeaten run against Park School and added another two goals to his ever-increasing tally, but it was a complete performance and one that every boy at Grosvenor House can be proud of.

The defence was once again reliable and did well to keep the Park School at bay for long periods at a time, whilst the midfield were tireless as they shared the workload and continued to try to supply Max M with goal-scoring opportunities in the oppositions final third.

Jassim deserves a special mention for his much-improved showing as he took on board elements of recent training sessions to turn in a performance of maturity that was epitomised by his mazy run that set up Max's second goal.

As the season has progressed the boys have showed development in both their performance and attitude and they can be proud of what they have achieved as a team thus far.
