

Sherborne Boys U16B/C 1 International College 11

On a cold afternoon the IC dominated a game against Sherborne Boys scoring eleven goals and creating countless other opportunities.

The IC Kicked off the match and quickly raced into a three goal lead with well taken goals from Sunnat, Igor and Mark. Sherborne did then enjoy a short period of possession which ended in them scoring their only goal of the match despite a good effort from Soe Htet to try and keep the ball out.

As the IC kicked off again they became even more flowing ,passing the ball well and crossing excellently from the wing. Sergey and Mark worked well to allow the midfield and attackers good positions in front of goal.

Before half time the IC had scored three more, Vadim claiming one and Sunnat his second before Igor scored his third in two games. (Not bad seeing as how he played in goal last season!)

The IC were jubilant at half time but remained focussed on the game as the match went into the second half, the IC were awarded a free kick just over the half way line shortly after kick off. Anton hit the ball long and hard toward goal, the Sherborne goalkeeper tried to stop the ball but it dipped just under the bar and the IC marked their seventh goal.

With the IC winning at a canter all of the substitutes got their chances with Andrey, Latif, Lorenzo, Michael and Sasha coming on to play. Lorenzo was quickly into the game scoring twice in quick succession, he also worked hard during the second half running down the right hand wing and firing the ball across the goal for his teammates. Andrey and Latif both had opportunities but were denied by the opposition defence and goalkeeper.

Michael and Sasha rounded off the performance with a goal each. Michael won the ball and drove into the box before finishing well.

The team are in good spirits as they head into next week's match against the Park School.
