

## Girls' Basketball

### Sherborne Girls' School 18 International College 66

Saturday 13th October saw the start of the Girls' basketball season and with a rush of new signings from Luxembourg we started the season with what must be our strongest team for many years. The game against Sherborne Girls' School was a good match to start with, the opposition were slow to start but once they hit their stride they tested the IC team at times. The IC girls showed great determination and teamwork from the outset and it didn't take long for them to start racking up points. Audrey and Joan showed great leadership helping out the less experienced players on the team. All of the girls showed great athleticism getting around the court, especially after Thursday's tiring Inter-House Competition.

Particular mention must go to Jenny and Amy who worked so hard in both defence and attack.

Joan finished the game as top scorer with 30 points to her name, but credit must also go to the other girls who all made such a fantastic team effort. After such a strong start, with all the girls keen to put in the practice hours in their free time, we look forward to more fixtures and a chance to test ourselves further against even stronger opposition.

The International College team was - Audrey (C), Joan, Amy, Frances , Cherie , Janice , Aya and Kik.
