

Match Report

Sherborne School for Girls 16 International College 4

Excited after a win at Taunton, our under 14's were ready for a repeat performance against Sherborne girls. The team showed that they are going from strength to strength but sadly on this occasion this wasn't enough. In the first third, Kik showed herself to be an able centre and was well supported by Mary and Janice on the wings. Kamile and Carrie were strong in defence and prevented several goals from being scored. In the second third Janice scored two brilliant goals, and was ably supported by Helen who scored her own amazing goal. Our defence were really working hard, and we managed to concede only one goal in the whole of this third!! In the final third, Kik scored an excellent goal, but the experience of the Sherborne Girls team showed through and we were unable to stop them scoring more goals. Our team have improved so much since the beginning of the year and are playing well as a team but Sherborne Girls were just too strong. Sherborne School for girls provided great refreshments, and our team were quick to comment on how friendly they were. Overall, a great afternoon was had by all.
