

Thursday 27th November

International College **8**

Vs

Sherborne Girls School **25**

The second netball match of the season proved to be a challenging one. Nevertheless, after a few encouraging words from their captain, Kamile, the girls rose to the challenge and played a good game of netball. Although the International College girls have not had much practice of playing together as a team, they played extremely well against a side with a lot more experience and worked together to keep Sherborne Girls working hard into the last minutes of the game.

The first third of the match was tough with Sherborne Girls School taking the lead 13 -1, however this did not deter the International College. The second third saw the gap closing between the two sides with a score of 4-3 thanks to a good IC attacking side and the excellent shooting skills of the GA and GS, Sarah and Karina. The final third saw another close score of 8-4 with some more skilful shots made by Sarah and the efforts of the Centre, Maria.

Although the final score was 25 – 8 to Sherborne Girls School, it does not reflect the effort the girls put into the game. In the short amount of time the International College girls have been playing netball, they have greatly improved and should be proud of the effort they have put in. With a few more practices and a bit more experience, the team should have a good season next term. Well done!
