

Sherborne School for Girls 23 International College 4

Thursday 16th November gave the more junior netball players the chance to test their skills against SSG. They did not disappoint us! Their enthusiasm and determination far outweighed their lack of experience!

Yulia's (GD) previous experience in defence proved extremely useful as her lightning speed around the court enabled her to intercept many passes. She also proved herself to be a highly motivating Captain. Yulia was admirably supported by Kamille as GK, who repeatedly retrieved the ball from the passes between the opposition. Sharon was the third defender (WD) and we were very impressed with her effort and thoughtful marking.

Kik (C) once again demonstrated her agility and ease of movement around the court and made good use of all her fellow team members. The attackers were: Mary (WA), who surprised everyone with her athletic leaps in the air to intercept passes! Cherie (GA), who scored all four goals, while Htet and Daniya took turns to be GS. Thanks also go to Lena who, as reserve, supported from the side lines, but wasn't able to play.

This proved to be a very exciting game, with all our girls trying their best. Unfortunately the opposition were once again the more experienced team, as the final score shows. However, I am sure that everyone involved has learnt a great deal and, more importantly, enjoyed themselves!
