

## **International College 19 Warminster 12**

The International College boys basketball team warmed up for the forthcoming season with a narrow but impressive win over Warminster. The friendly match saw Warminster bring girls and boys teams to Sherborne for a double header that both schools hope to make a regular fixture.

The boys match, the first of the season for both sides was played at a fast pace and was a point for point contest for most of the game. Horis from Warminster and Luffy from the International College were the chief point scorers notching 5 and 11 points respectively.

The quick pace soon took its toll on the players and the game slowed down dramatically in the last period. Benny Lam used his height to good advantage, popping in a couple of rebounds while Edwin also got himself on the score sheet.

Warminster's points were more spread throughout the team. Kelvin made easily lay-up chances count and David , Nicholas and Johnson also contributed to their tally.

The International College boys were slightly sharper and just edged it with Luffy probably the main difference between the two sides, who will meet again next term.
