

INTERNATIONAL COLLEGE, SHERBORNE SCHOOL

IGCSE/GCSE Results 2011

The GCSE/IGCSE candidates at International College in the summer of 2011 secured higher-grade passes (A-C) of nearly 88% (84.3% when own language examinations excluded) for Year 11 students. This compares well with the national GCSE pass rate (mainly native English speakers!) of 69.9%. The College is particularly proud of its results in view of the change in many subjects to IGCSE which many feel are a more demanding suite of examinations.

The higher-grade passes in the main subjects sat at the International College are as follows, with the number of candidates in brackets:

English Language 91 (78)
English Literature 100 (18)
Mathematics 100 (87)
Additional Mathematics 83.3 (24)
Biology 79.7 (64)
